Date: Thursday, June 26, 2025 at 03:24 PM EDT

Hello AMVETS Family,

Well another month comes to a close, and what a month it has been! Many of us just came back from the Department Convention and what a wonderful time it was. Although we had a full schedule of activities and training classes, which are a wealth of information, there was plenty of time to mingle with people from all around the state. A time to reacquaint with old friends and make some new ones. We had many first-time attendees from the post this time which made me very proud to be from Post 2006. Many of the new attendees were in shock and awe as they realized the bigger picture of what AMVETS is and what it does on a state and a national level, if you have never been to a convention, I strongly suggest that you try to attend one of the upcoming conventions in the near future.

This upcoming month we have a lot of things going on also, starting off with the Fourth of July. At the post we will be having a build your own burger day with members eating for **FREE** and guests at a four-dollar cost from 12:00 noon until 2:00 p.m. A special thank you to Paul and Shirley Fairgrieve for providing this.

On Saturday the 19th the **Riders** are hosting their first full-blown bike night with riders coming in from around the area to support their efforts. Riders from other groups in the area are expected to attend, such as the American Legion Riders, the Eagle Riders and the Punishers MC which is composed of firefighters and law enforcement from the area. If you are in attendance I hope that you welcome them and make them all feel at home. They will be having a Bratwurst dinner while it lasts starting at 5pm. The FDR band is playing from 6pm until 9pm. They are also having bottle raffles and 50/50 and High Hand Draw Poker game. It sounds like a fun time here at the post. This Riders chapter was just sworn in on March 1st of this year and I am happy to report that we are the largest chapter in the state of Florida!

On Wednesday the 23rd of July we will have the Leesburg Fire Department here to give us instruction on the use of the A.E.D. machine. I strongly urge you all to attend this training as it benefits everyone here at the post. This training will be at 5:00PM. It may save a life in the future, who knows the life saved may be **yours**. I strongly urge all of the officers from the post and bar staff to be there to attend. Let's have a good showing as the fire department is taking the time to provide this service at our request, and their time is certainly very valuable.

Please check the calendar for other events for the month of July as some of the scheduling has been changed and or moved around to allow time for special functions.

As always thank you for your continued support and commitment to the post.

Ronne F. McLarrin
